ContiTrac™ TR

Specifically designed to meet the demanding needs of today's SUV and light truck enthusiasts. German engineered to deliver precise steering, enhanced stability and traction for both on and off-road use.

Benefits:

- Continuous central ribs, fine venting and lateral grooves deliver precise steering response and low tire noise
- Four wide circumferential tread grooves provide enhanced stability and control on wet roads
- Staggered tread pattern and deep self-cleaning grooves provide excellent snow and mud traction
