

CrossContact™ LX20

THE PREMIUM SUV, CROSSOVER, AND LIGHT TRUCK ALL SEASON TIRE WITH EXCELLENT WET BRAKING, LONG WEAR & ENHANCED FUEL EFFICIENCY.

Benefits:

- Enhanced fuel efficiency.** EcoPlus Technology reduces rolling resistance with Tg-F polymers, providing improved fuel efficiency and lower CO2 emissions.
- Excellent wet braking and long wear.** EcoPlus Technology's +Sliane provides an optimum balance of exceptional wet grip and extended tread life.
- Improved snow performance.** Traction Grooves provide gripping teeth inside the groove that lock snow for improved snow grip.
- Reduced noise, comfortable ride and crisp handling response.** Smooth Response Technology features continuous ribs that provide smooth rolling surfaces for improved comfort and reduced noise, while reinforcing the shoulders for improved handling response.
