

# VikingContact™ 7

Does the temperature regularly stay below 45 degrees Fahrenheit? Does it snow? Do your roads have a wintry mix of ice and slush? Then the VikingContact™ 7 winter tire is the tire *For What You Do*. This directional winter tire allows you to take control of winter. Optimal balance of flexibility and stiffness; flexibility for those slippery road conditions with the stiffness you want for long life. It carries the symbol for severe winter conditions.

## Benefits

### - Grips the road in extreme cold conditions

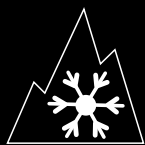

The Nordic tread compound comprised of active silica for superb grip in the wet and a rapeseed oil additive that keeps the tread compound flexible in extreme cold conditions.

### - Confident driving stability in winter conditions

Intelligent pattern design features an efficient groove network that reduces hydroplaning on wet slushy roads. The interlocking block bridges provide perfect tracking and stability on snow.

### - Traction to get you going and to help you stop fast on snow and ice covered roads

Advanced grip concept includes a high number of 3D Sipes keeping the snow edges effective and providing powerful traction and braking on snow or ice covered roads.

Meets the severe snow service requirements of the U.S. Tire Manufacturers Association (USTMA) and the Tire and Rubber Association of Canada (TRAC).
