

ExtremeContact™ DW

Dynamic Ultra-High Performance Summer Tire tuned for drivers seeking extreme grip in Dry and Wet conditions without sacrificing tread life and comfort.

Benefits/Features:

- Enhanced performance in dry conditions.** Solid outer shoulder and chamfered tread blocks maximize road contact.
- Outstanding wet handling and braking.** High Void-to-Tread ratio with open longitudinal grooves aids in water evacuation for excellent resistance to hydroplaning.
- Excellent treadlife and fuel efficiency.** Dynamic Temperature Distribution technology reduces distortion in the tread to improve wear and rolling resistance.
- Consumer friendly performance indicators.** Tuned Performance Indicators alert drivers to tire's performance level in Dry and Wet conditions.
